- This page displays all the restaurant information as well as their current seat status.
- If a restaurant has multiple floor layouts, the user can switch the display by clicking on the green boxes on top of the layout.

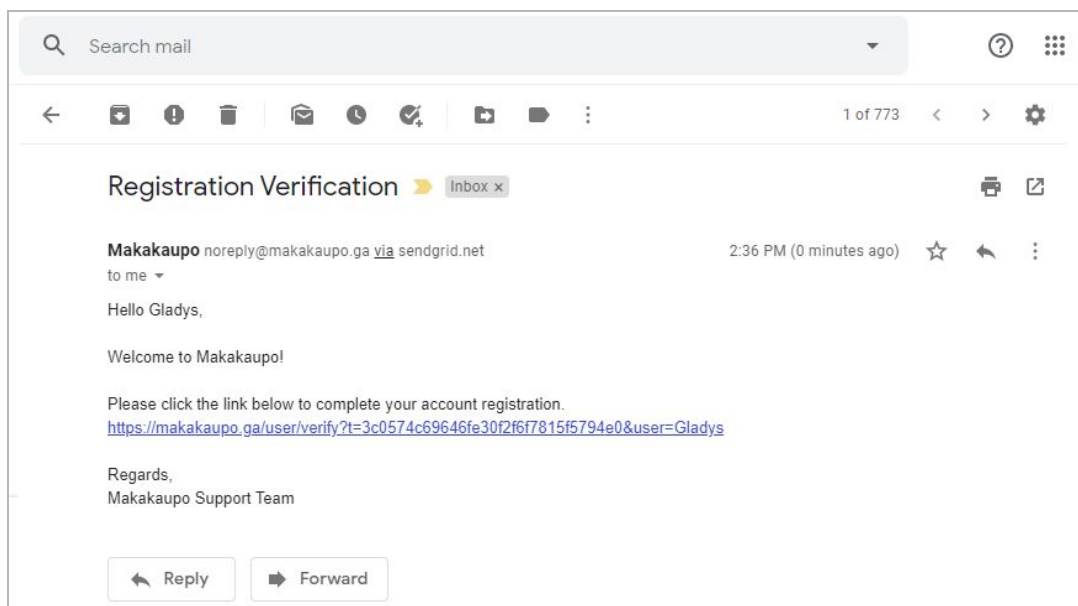

Account Registration

The registration form is titled "Create an Account". It features a header with the Makakaupo logo, a "Username" input field, a "Password" input field, and "Login" and "Register" buttons. The main form area contains four input fields: "Username", "Password", "Confirm Password", and "Email Address". A prominent "REGISTER" button is centered below these fields. The footer includes the copyright notice "Copyright © 2018 Colorlib".

- To register a new account, click on the “Register” button on top of the page.
- Fill-up all the details on the form, then click “Register”. A message will be displayed on top of the form and an email will be sent to the user.

Registration Verification

- To complete the registration process, click the link provided on the email sent by the system.
- The user can now log into the system and use all its features.

Change Password

The screenshot displays the 'Makakaupo' user interface. On the left, a sidebar lists dashboard options: 'Seat Status', 'Seat Layout Creator', 'Restaurant Profile', 'User Account' (highlighted), and 'Reports'. The main content area is titled 'User Account' with the subtitle 'Update your user information.' Below this, a 'CHANGE PASSWORD' form is presented. The form includes three input fields labeled 'Current Password *', 'New Password *', and 'Confirm New Password *', each followed by a small asterisk. A blue 'Submit' button is located at the bottom of the form.

- To change the user's password, both the current and new passwords should be provided.
- A password should have a minimum length of 8 characters.

RESTAURANT INFORMATION

Restaurant Name *	Branch Name	Address
<input type="text" value="Burger Galore"/>	<input type="text" value="Tanauan"/>	
Website	Phone Number	
<input type="text" value="www.jobili.com"/>	<input type="text" value="090-0000-0001"/>	
Business Hours	Restaurant Photo	
<input type="text" value="8AM-10PM"/>	<input type="button" value="Choose file"/> No file...hosen	
Short Description		
<input type="text" value="Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor"/>		
Full Description		
<input type="text" value="Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip"/>		
<input type="button" value="Submit"/>		

- This page can be used to update all the restaurant's information.
- An image can be uploaded by selecting the "Choose file" button.
- The restaurant's address can be entered by searching for it on the map.

Seat Layout Creator

The screenshot shows the 'Seat Layout Creator' interface within the Makakaupo system. On the left is a sidebar with a 'DASHBOARDS' section containing links to 'Seat Status', 'Seat Layout Creator' (highlighted), 'Restaurant Profile', 'User Account', and 'Reports'. The main area has a header with a car icon and the title 'Seat Layout Creator' with the subtitle 'Create the seat layout of your restaurant.' Below this is a grid layout editor. At the top of the grid are four colored boxes: light green, medium green, dark green, and black. The grid itself is composed of small squares, with some squares filled with a dark blue pattern representing seats. At the bottom of the grid are 'Cancel' and 'Save' buttons.

- Click on the small boxes to create a new seat.
- Multiple layouts can be created by clicking on the green boxes on top of the layout.
- Click on the Save button to save the layout you created.

Seat Status

Makakaupo

DASHBOARDS

- Seat Status**
